RE: New High School Coordinator

We are pleased to announce that we have hired a high school coordinator, Mr. Patrick Hobot. He comes to DaVinci Academy with years of teaching and administrative experience. Mr. Hobot has worked in charter schools for the past twelve years and has the unique experience of having designed programs and facilities for a middle school and two high schools. He has also worked as a district testing coordinator and is familiar with using data to drive decisions. He appreciates the complexities of getting a high school up and running, and is already hard at work reviewing curriculum materials and Advanced Placement programs to meet the needs and vision of DaVinci Academy. An active member of the local community, Mr. Hobot's passion for quality education, fine arts and the sciences is a great fit for our school. Please join us in welcoming him to DaVinci Academy.

Mr. Hobot encourages you to be aware of, and involved in, the process of developing the new high school program. He will hold regular "town meetings" to hear ideas, receive input, and keep stakeholders informed and connected to this progress toward DaVinci Academy's even brighter future. The first meeting is tentatively scheduled for Wednesday, August 17th. Updates about the "town meetings" will be available in our newsletter and on the DaVinci Academy website.
